Vision

To effect an increase in the number of people committing their lives to Christ.

To evangelise, support missions and plant churches under the covering of the PCF.

To befriend our neighbours.

To create opportunities where we can service our local community in schools, hospitals, social caring groups, the voluntary sector, in partnership with the local authority and strategic groups and churches. To provide counselling services, to introduce helpful presentations, focusing on the welfare of the peoples in our locality.

To help Christians mature spiritually

To see the manifestation and fruit of the Spirit-filled life in every believer, being baptised taking up membership and in regular Christian fellowship. To support and encourage believers - specifically helping them develop their own gifting and ministry. To promote the importance of a worshipful lifestyle.
